 - a. Proposal to recommend that the non-English language of bilingual/multilingual books be placed in the 008 field.
 - b. [Series title vs. Main title](#) – This page needs to be reviewed to identify how additional details can be added to explain that all 490s should be traced even if the authority record says not to trace the series.
 - c. [National Practices Category](#) – All pages in this category need to be reviewed to identify if they are only national practices or contain local practices. Pages on national practices can be deleted. Local practices will be retained, but the category removed from the page.
